- Contour Bands in Metres

This stylised map has been compiled by Black Dog of Wells and is updated to November 2011. You are welcome to print this map and make use of it. A few strategic minor roads and villages have been added to help you get your bearings, but we leave you to venture onto the Levels and Hills to explore these for yourself. (NT) / (EH) are National Trust / English Heritage sites - organisations set up to protect our heritage.
